## About Me

I am Monzurul Hasan, an accomplished app developer specializing in web and Android development. My expertise lies in using MERN stack for web development and Native for Android, and I am deeply passionate about writing code and staying up to date with the latest in computer and internet technology. I enjoy discussing computer and internet technology and am always eager to learn more. My commitment to delivering creative and challenging projects has driven my success, and I prioritize 100% customer satisfaction while meeting project deadlines. I believe that my skills and experience make me an excellent candidate for any project, and I am excited to explore new opportunities in the field.
